

# Program Report

April 14, 2018

## Special Thanks:

Mentor Andrea Craigie  
The ever patient and supportive Bertha Yagos  
Jill & Larry in Facilities  
My program assistant Christine Crane  
The entire team of folks on the program committee  
The staff at both the Hyatt and the TCC  
All of you around this table that made our program run smoothly.

## Highlights:

All three keynotes were well received, very positive feedback from most delegates.  
New Blood was the biggest highlight. What a wonderful show!  
Lots of great feedback on Assessment sessions  
Everactive mini conference caught some attention  
People appreciated the Wifi  
Pre-Registration went well  
Very positive feedback about the Friday afternoon movie.  
People felt that our board members were very helpful  
People seem to like using SCHED  
Some really appreciated the flexibility that the off-site sessions offer  
Glenbow museum  
The Calgary Zoo  
SAIT sessions  
Appreciation for variety of FSL sessions  
Principals felt like they were being considered.

## Suggestions:

Drop down for curriculum focus to include FNMI, LGBTQ, and mental health  
Have proposal site open for next year during convention, so we can direct people there  
Several people approached convention members about how they can submit.  
Keep the humour piece to our keynotes, important choice for folks.  
Would like to see more CTS sessions  
Being more cognisant of similar sessions happening at same times.  
Noisy sessions should be in different, more isolated locations.
