

PALLISER DISTRICT TEACHERS' CONVENTION ASSOCIATION

2017- 2018 Year End Report from the Vice President

This was my third year as Vice-President and 9th year on the Palliser Convention Board. Once again, I enjoyed serving my teaching colleagues in this role.

Thank you to all board members for signing up for duties throughout convention. The google doc platform has proven quite effective for this purpose. Your presence in the hallways and at the large posters to answer questions and direct delegates is important to a successful convention. Thank you to Bertha for again arranging for the large 'day at a glance' posters to be printed. Thank you to those board members who helped display these posters throughout our venue. Many positive comments were received about how great these large 'At a Glance' posters are.

Cindy Gerodo was our honorary president for 2018. I had the pleasure of communicating with Cindy and arranging for her gift for the reception on Wednesday evening in Thomsons. She expressed her appreciation at being honoured.

There were no long time service awards for board members who retired this year, as no one had the five plus years required to receive this honour.

Nametags and vests were distributed to new members. New vests will need to be ordered for next year, as our vest supply is dwindling and only certain sizes are available.

In closing, I would like to thank all the board members for their help and support during convention. Your visibility in the hallways, rooms or information desk provides the support our delegates and speakers require. A special thank you to those board members who went above and beyond and signed up for additional duties, or filled in when hosting a pre-registration session. I really appreciated how board members jumped in and helped where required. This is what makes a great convention! What a fabulous team☺

Respectfully submitted,

Jenn Munton
