

**Exhibits Report for March 2021
Submitted by Tara Hrysak**

Convention 2021:

Exhibits looked very different this year.

- We had moved away from an in person Exhibits space. We had a small online exhibits space in Sched this year. Past Exhibitors were contacted about online Exhibitors List.
- 42 Exhibitors took part.
- A HUGE thank you Bertha for sending out this email and creating this space.
- There was no Exhibitor of the Year this year.
- I worked with Jenn to create and set up a Zoom Q & A on Wednesday and popped into the Help desk on Thursday and Friday.

Recommendations to consider for next year:

Online

- offer same Exhibitor spaces for next year. (possibly look into small fee, due to work involved)
- check on capability of Sched space. What can we offer Exhibitors in this space.
- continue Social Media exposure of Exhibitors, contests.
- remind all exhibitors to use a different email from their speaker email.

In-Person

- continue with lower # of booths
- increase Social Media and social exposure. Contests, Scavenger hunts
- have an Exhibitor of the Year
- use Sched Exhibits space to list exhibitors

As things are uncertain and services are uncertain. I can not recommend any changes beyond these.
