

Program Report

January 28/29, 2022

Thank you to all of our Executive and Board Members for stepping up in another weird year. This year we felt much more confident, and I am excited about this year's Convention.

As always, a very big, special thank you to our Bertha!!

Exciting New Francophone Partnership

Ecole branchée

ENSEIGNER À L'ÈRE DU NUMÉRIQUE

This is what we hope to be an ongoing partnership that will give us quality speakers that will be presenting entirely in French. They are presenting to our delegates several incredible education-based sessions this year!

On a side note, French speaking/ Francophone delegates, in order to see all French sessions, it is recommended that French delegates click on the Filter on the right of Sched and click the Presentation Language and select French. This will show you all the sessions that are being presented in French.

Other Sessions: There are hundreds of sessions that are offered for our delegates. Look at coding to know when these sessions are available. Some are available only once, some only during convention, others for 30 days.
