

President's Report
March 24/25, 2022
Submitted by Jennifer Munton

Convention in Review:

- So thankful to you all for what was accomplished - pulling off another first-class online event that teachers found beneficial!
- Involved the full board in moderating - thank you to all who stepped up in this way.
- Convention by the numbers work continued.
- Worked with Encore again to 'run' our convention tech wise - they were wonderful to work with and helped things go smoothly behind the scenes.
- Filmed the introduction at the Convention Centre again and added the French speaking portions with Veronica - nice start to things.
- Loved providing teachers with the ability to attend more sessions than usual - lots of positive feedback on this.
- Worked on developing a scavenger hunt (which received great feedback from the teachers who participated).

Recommendations:

- Have a chance to debrief what worked well and what was a struggle this year as an executive team. The heavy handed approach from PEC and Barnett House has caused a rift.
- Have several executive/board members in attendance for Spring PDAC and Convention meetings in April as we begin to plan for next year.

- Have one convention board solely providing online content. (Perhaps ATA PD could spearhead this?)
- Hold an in person event next year. Exhibitors are calling for this.
- Continue engaging our teachers with scavenger hunts etc.

I have enjoyed my three years as the president of PDTCA and look forward to my role as Past President. Thank you to all of you who have spent your most valuable commodity - your time- with our board.
