

Past President's Report  
January 19/20, 2024  
Submitted by Jennifer Munton, Past President

### Work Completed

- After confirming #PDTCA24 with Social Media chair, I have ordered and received the items needed to create this year's Photo Spot.
- Researched Goose Chase ideas from other organizations to glean new ideas

### Work in Progress

- Created a list of 'missions' for this year's Goose Chase, including the new GPS Challenges
- Uploading the 'missions' onto the Goose Chase app in order to release it ahead of convention
- Creating a schedule for the conference suite to be open and available to board members for some food and a place to sit, rest and connect

### Action Items

- Goose Chase to be linked on website and advertised on media
- Photo Display - decide location
- Volunteers to construct display, place balloons on Wednesday
- Treat Sign Up - in order to make wise use of our budget, please sign up with Jenn for what treats/beverages you would like to enjoy in the conference suite
- For those board members who are new, or for anyone needing a refresher, I am happy to lead a tour on Wednesday at 5:30 if that would be helpful

### Questions

- What days and times do we think the conference suite should be available? I am open to suggestions based around other social events happening, also understanding that not all locals have anything to do
- Budget for snacks during convention?

- When arriving on Wednesday for the convention set up, I have four large 3 foot high letters that need to be unloaded. I would prefer not to have to transport them from the Hyatt lobby as they are a bit large, awkward and fragile. Can I unload at the exhibits area?
