

## **Social Media Chair Report**

**January 19/20, 2024**

### Work Completed:

Been doing lots of posts with keynotes, new times, general info about sessions.

With Approval from Jill, Bertha and Sherri I purchased a subscription to Buffer that allows me to create many posts to post.

### Work in Progress:

I will be the person in charge of FAQ's this year. Bertha gave me access to them.

### New Business/Action Items

I would like to create a repeating post about changes to the program. Will need to connect with Alison.

I would like to create a few posts about Goose Change coming, will need to connect with Jen.

Does anyone else from our Executive have things that they would like to see me highlight?
