## Work Completed

- 1) Honorary President Reception, Convention vests – still definitely don't need to order any more next year!
- 2) Sign up Duties for board members went well other than issues related to full sessions – not our fault!

## Recommendations for next year

- 1) Revisit the idea of Long Term Service Awards – are they still financially viable?
- 2) If people are resigning from the board, can they give their vest back if they are not going to use them in order to reduce cost of vests?
- 3) Just a wonder....does the whole board need to meet in person so many times? I would suggest we go to two online meetings (May and Sept) and two in person (January and March) but the executive meet in person but at a different venue again to reduce costs.
- 4) Move away from print versions of the posters of the schedule? Digital versions? [Interactive Whiteboards from Richoh](#) I talked to Paul at his Exhibit at Convention and he was open to bringing some free boards for people to see with the schedule.
