

HOTEL EMERGENCY PROCEDURES

For anyone finding or seeing a fire, their first response should be to call '55' on the house phone in order to inform the hotel operator of the situation and location. It is recommended that the guest of the hotel does **not** attempt to contain or control **any** fire they may encounter.

Emergency Announcement

In case of an activation of the Life Safety System, strobe lights will be visible as well as a steady audible tone will be heard. Please remain calm and listen for the following announcements from the public address announcement system:
