

# Way to Be! - Living Respectfully

**This program, designed by Alberta teachers, helps address traffic safety in schools and communities.**

## *What can schools expect?*

- ◆ Positive role modelling
- ◆ Student engagement
- ◆ Increased awareness and respect of traffic behaviours
- ◆ Facilitator's guide
- ◆ Lesson plans with graded curriculum connections
- ◆ Electronic student activities
- ◆ Interactive website

***Raising awareness about school traffic concerns is about creating a culture of respectful behaviour related to traffic safety.***

## ***TEACHERS ENDORSE THE PROGRAM***

- ◆ What a great program! Thoughtfully developed, loaded with multi-levelled activities and so relevant for today's world.
- ◆ This is a terrific classroom resource making it easy for teachers to implement.
- ◆ These profoundly important safety messages are needed by all children to be safe in our communities.

## ***What makes the program unique?***

***A comprehensive approach which includes students, staff and parents in the solution.***
